

Kings Hill Farm CSA

2010

On our farm, we have plenty of vegetables, fruits, herbs, mushrooms, chicken and duck eggs, pork, honey and flowers.

Come share the bounty by joining our CSA. Every other week from June through November we deliver a box full of fresh produce to our pickup sites. Sample the seasons flavors and nutrition.

Visit us at our market stand or a farmers market closer to you - Our eggs are at our market stands - Come early as they go fast!
